- Fast polymerization
- No odor
- The unique formula of the composition 15 FREE

Basic collection of vegan gel polishes, 6 ml

Basic collection of vegan gel polishes, 6 ml

Application of UV/LED Gel Polish

Disinfect your hands. Push back the cuticle with an orange stick. Remove the shine from the nails with a buff, remove the dust. Degrease the nail plate with the dehydrator Nail Dryer JOIA vegan.

Apply a small amount of Nail Primer JOIA vegan to the entire surface of the nail and the tip. Allow to air dry for 30-60 seconds.

Apply with rubbing movements a thin layer of UV/LED BB cream base JOIA vegan or UV/LED Latex base JOIA vegan /Magic Cat Base JOIA vegan as a base coat. Do not forget about the sides of the nail and the end. Place your hand in the UV lamp for 2 minutes or in the LED, UV/LED for 60 seconds. If necessary, apply a second leveling layer of UV/LED BB cream base JOIA vegan or UV/LED Latex base JOIA vegan. Dry in a lamp.

Cover the nails with UV/LED Gel Polish JOIA vegan in two thin layers. Always remember to seal the sides and end of the nail. Each layer is polymerized in a UV lamp for 2 minutes or in an LED, UV/LED lamp for 60 seconds.

Cover the nails with a top of your choice: Aqua Gloss Top / UV Stop Top / Soft Touch Top / Mica Gloss Top / My Crush Top JOIA vegan. Seal the tip and sides of the nail. Place your hand in the UV lamp for 2 minutes or in the LED, UV/LED for 60 seconds.

After polymerization, remove the sticky layer. When using a finish without a sticky layer, skip this step.

Auxiliary fluids

Dehydrator

Nail Dryer JOIA vegan, 8 ml, 15 ml

- Degreases
- Cleanses
- Removes excess moisture
- Improves adhesion between the nail plate and decorative material

Acid-free

Nail Primer JOIA vegan, 8 ml, 15 ml

- Ensures stable adhesion between the natural nail and the decorative coating
- The product does not change the pH of the nail plate
- Has antiseptic properties

How to use?

Prepare the nails, and then distribute the product evenly over the entire surface. The nail plate should become matte.

How to use?

Spread the product evenly after applying the dehydrator and wait a minute.

Nail disinfectant

Ready Steady Prep JOIA vegan, 150 ml, 500 ml

Ready Steady Prep JOIA vegan — is an auxiliary liquid that will allow you to reach the highest level of nail preparation to create a flawless coating. Suitable for use before applying base, gel polish, gel, polygel.

From now on, the application step of Ready Steady Prep JOIA vegan will become an integral part of the manicure procedure. This tool will help you to easily and effectively clean the nail plate from fat, dust and other impurities and will also ensure improved adhesion of decorative layers to the nail plate.

Thanks to its unique formula, Ready Steady Prep JOIA vegan will ensure the highest quality of nail preparation, guaranteeing maximum stability and an excellent appearance of your manicure.

Advantages:

- disinfects the surface of the nail and the skin of the hands; cleans, degreases and dehydrates;
- provides improved adhesion and durability of the manicure;
- warns of the possibility of the development of infections that may occur under the coating in the case of neglect of the cleaning stage;
- reduces the probability of delamination of the artificial material;
- suitable for both home and salon use.

How to use?

Push back the cuticle. Lightly file the surface of the natural nail. Wet the nail tissue with Ready Steady Prep JOIA vegan and wipe the natural nails. Allow the nails to dry to a chalky white color. Apply the required coating.

Gel Polish Remover Bye-Bye Gel JOIA vegan, 150 ml, 500 ml

Bye-Bye Gel JOIA vegan — is a functional gel for removing gel polish. Its unique formula is saturated with active compounds and conditioners that quickly interact with the coating, dissolving it. The gel penetrates the structure of the material and gradually reduces adhesion. The process occurs gradually and does not damage the keratin layer of the nail. The modern composition of the product preserves the health of your nails.

Bye-Bye Gel JOIA vegan — is a guarantee of comfort and effectiveness of removing the coating.

- dissolves the polymerized coating in less than 15 minutes;
- safe, modern composition of the gel;
- does not damage the structure of the natural nail;
- an effective alternative to removing the coating using a milling cutter;
- suitable for both professional and home use.

Recommendation:

Before using Bye-Bye Gel JOIA vegan, apply Brut Oil 24C JOIA vegan dry oil to the cuticle. This will help create a protective, caring barrier for the skin around the nail.

How to use?

Remove the top layer of the coating using a 180/240 grit file. Apply Brut Oil 24C JOIA vegan to the cuticle. Soak a cotton pad with Bye-Bye Gel JOIA vegan and place it on the nail plate, wrap it in foil. After 10-15 minutes, remove the cotton pad and the remaining material. If the gel polish remains, wrap the nail again and let the Bye-Bye Gel JOIA vegan soak in for a few more minutes. If necessary, carefully remove the residue with a cuticle pusher or an orange stick.

Care

Treatment series JOIA vegan

CutiCool Hydrating Sorbet 8 ml

Moisturizing care for nails and cuticles. The components in the composition help moisturize nail keratin, heal wounds and cracks. For nails without severe cuticle hyperkeratosis. The product will replace the entire manicure procedure with regular use.

- A pleasant smell and a comfortable creamy texture will make your nails and skin well-kept;
- It is quickly absorbed and does not leave an oily layer on the skin surface;
- It has a build-up effect: with regular use, you can see excellent moisturizing and healthy, well-groomed nails;
- The product is suitable for home and salon care.

How to use?

Apply a drop of the product to clean hands with a pipette and rub it on the surface of the nail plate and cuticle with massage movements until completely absorbed. For 100 percent results, apply the product 2 times a day for 7-10 days.

Shiny Strong Top JOIA vegan, 8 ml

Shiny Strong Top JOIA vegan is a top for regular polish that will help create a shiny nail coating. Due to its unique composition, the product will give a spectacular look and long-lasting durability to any color. It will become an indispensable component for a strong everyday manicure. It will prolong the life of the manicure, give a rich color, durability, and hide surface irregularities.

- Ease of application: thanks to the perfect brush with a viscous texture, you can perform an even and accurate application without any extra effort.
- Durability and smoothness of the surface: hides the unevenness of the nail polish application and makes the nail extremely smooth. An important aspect of the product is the protection of the nail plate from damage, which allows you to wear your manicure for a long time in its best form.
- Saturation: adds saturation and shine to any color, thus emphasizing the uniqueness of the shade, adding a glossy effect and helping to keep the manicure bright and long-lasting.

How to use?

Apply a regular nail polish, if desired. Apply a thin layer of Shiny Strong Top JOIA vegan and air dry for 5-7 minutes.

Nails Second Life JOIA vegan, 8 ml

Is a unique rescue base for nails, created to restore weak, thin, and thinned nails after long-term coatings. Thanks to the presence of silicon in its composition, it provides comprehensive care and restoration for the nail plate. If you want to provide reliable protection for your nails, choose Nails Second Life JOIA vegan. This product will make your nails healthy, smooth and shiny.

- Strengthening of thinning nails: contains AXA acids that help stimulate the birth of new and healthy onychoblasts, which effectively strengthens the nail structure.
- Protection against infections: reliably protects against the penetration of infections through the damaged nail plate, helping to avoid unpleasant complications.
- Restoration and smoothness of the surface: contains MSM (Methyl Sulfonyl Methane), which is a rich source of sulfur. It interacts with nail keratin to strengthen the keratin network and make nails hard. The complex of 3 plant extracts, including Silicon Keratin and Bamboo Extract, helps to restore nail mineralization and regeneration, providing smoothness and filling in irregularities.
- Suitable for weak, thin, and thinly coated nails.

How to use?

As a health and wellness complex:

Apply Nails Second Life JOIA vegan by yourself in 2 layers. Air dry the first layer for 1-3 minutes, the second for 5-7 minutes. Apply Nails Second Life JOIA vegan 2 times a week, removing the previous coating with a remover. After 2 months of use, take a break.

As a base for colored polish:

Apply 1 layer of Nails Second Life JOIA vegan and air dry for 3 minutes. Apply the polish. Before the next procedure, remove the product with a remover and repeat the application. You will see the result after 2 weeks of use.

Bye-Bye Cuticle JOIA vegan, 15 ml

Cuticle remover. The product cleanses and gently removes rough cuticle particles. The innovative formula prevents the formation of burrs, helps to quickly soften the cuticle, as well as moisturize and condition it.

- Designed for simplified, quick cuticle cleaning;
- The bottle is equipped with an economical dispenser;
- The proven product does not cause irritation, allergies, and is suitable for sensitive skin;
- The cuticle preparation process is comfortable, without unpleasant sensations.

How to use?

Spread evenly over the cuticle surface. After 30-60 seconds, remove the cuticle with a stick. Rinse off the remnants of the product with warm water or a napkin dipped in water.

Elixir 7in1 JOIA vegan, 8 ml

Is a unique nail and cuticle care complex enriched with active ingredients. The product makes nails strong, smooth, shiny and healthy for a long time. The composition is enriched with active substances: acetyl-methionine and keratin-like peptide, which together complement the keratin of natural nails to strengthen them and prevent brittleness.

- Universal 7-in-1 product that provides complete care, protection and restoration of the nail plate;
- Strength: nail fragility is reduced when applied on a regular basis;
- Protection: provides protection against delamination;
- Smoothing: instantly fills in damaged areas and makes the nail shiny and smooth;
- Moisturizing: restores the natural moisture of nails to keep them healthy;
- Maximizes the natural shine of nails;
- Contains an amino acid that stimulates nail growth;
- Contains vitamin E and violet extract, which has moisturizing, antioxidant and protective properties;
- Enriched with a blend of argan and baobab oils, known for their nourishing properties;
- The wearing period is 7-10 days.

How to use?

As a treatment:

Apply 2 thin layers to clean nails twice a week. Let the product dry for 5-7 minutes.

As a base coat:

Apply one coat under your favorite regular nail polish. Let the product dry for 5-7 minutes.

Pink Nail Care JOIA vegan, 8 ml

Is an exclusive pink nail strengthener with glitter, which stands out for its uniqueness and extremely useful properties. Thanks to the special formula, just 2 weeks of use will change your nails beyond recognition! it is a reliable base for regular polish, which provides a long-lasting and healthy coating.

- Strengthening and repairing: specially formulated to improve the condition of naturally thin and exfoliating nails. Due to its powerful composition with a hibiscus component, it fills in the irregularities of the nail plate, strengthens nails, and provides quick recovery.
- Protection against aggressive components of the varnish: An important aspect is the protection of the nail plate from the negative effects of varnishes. You will be able to enjoy a beautiful manicure without worrying about possible damage or nail detachment.
- Glitter for a special shine: The pleasant pink color of the product, decorated with light glitter, adds a pleasant glow and charm to the manicure. can be used as a base for a colored coating or on its own, always staying on trend.

How to use?

As a health and wellness complex:

Apply Pink Nail Care JOIA vegan to clean, dry nails in 2 layers, air-drying each layer for 4-5 minutes. After 2-3 days, remove the coating with a remover and repeat the procedure. Use Pink Nail Care JOIA vegan for 3-4 weeks or until the desired result is achieved.

As a base coat:

Apply Pink Nail Care JOIA vegan in 1 coat and air dry for 4-5 minutes. Apply a regular polish. Before the next procedure, remove the product with a remover and repeat the application.

Repair After Gel JOIA vegan, 8 ml

Is a high-tech complex for restoring exhausted and thin nails after gel polish coating. The patented formula is enriched with Methyl Sulfonyl Methane. This is a sulfur-rich nail bonding ingredient that is able to interact with the keratin of the natural nail and strengthen it.

- Helps to thicken the damaged plate;
- Consists of three plant extracts: nettle, horsetail, and bamboo;
- Promotes re-mineralization and restructuring of the nail plate;
- After drying, it gives the nails a beautiful well-groomed gloss;
- The wearing period is 7-10 days;
- Has an excellent consistency and pigmentation that will help create a trendy “old money” manicure.

Repair After Gel, Nude JOIA vegan, 8 ml

Repair After Gel, Peach JOIA vegan 8 ml

Repair After Gel, Pink JOIA vegan 8 ml

How to use?

As an intermediate restorative manicure:

Apply in 2 coats twice a week.

Let air dry for 5-7 minutes.

Remove the previous coating with an acetone-based product before each new application.

As a base coat:

Apply in one coat under a lacquer finish.

Allow to air dry for 5-7 minutes.

Remove the previous coating with an acetone-based product if necessary.

Apply in two even coats.

Allow to air dry for 5-7 minutes.

Remove the previous coating with an acetone-based product if necessary.

Berry Nail Care JOIA vegan, 8 ml

Is a complex of active nail care. It provides strengthening, protection, and moisturizing to maintain healthy nails. The colored anchor plasticizer creates a flexible film that provides exceptional adhesion and maintains color stability. Lip gloss gel technology with increased transparency combined with ultra-shine, created for bright glossy effects, lightly saturated with berry pigment.

- Gives nails a shiny and healthy look;
- Easy to work with consistency;
- Universal: can be applied as a care, color, and finish;
- Dries quickly in 5-7 minutes;
- Well-groomed nails from the very first application;
- Stylish berry color with a lip gloss effect;
- Wearable for 7-10 days.

How to use?

As nail care:

Apply Berry Nail Care JOIA vegan in one layer twice a week. Let air dry for 5-7 minutes. Remove before each new application with an acetone-based liquid. As a berry color with a lip gloss effect that enhances shine: Apply Berry Nail Care JOIA vegan in one coat twice a week. Allow each coat to air dry for 5-7 minutes. Remove as needed with an acetone-based liquid.

As a three-phase system:

Apply Berry Nail Care JOIA vegan as a base coat, color, and top coat in three coats. Allow each layer to air dry for 5-7 minutes. Remove if necessary with acetone-based liquid.

Dry oil for nails and cuticles

Brut Oil 24C JOIA vegan, 8 ml, 15 ml

Brut Oil 24C JOIA vegan - dry vitamin oil for nail and cuticle care, which is saturated with 24 carat gold. This is a godsend for the modern master, because the product is instantly absorbed and does not leave an oily layer, which is important for saving time when creating visual content for social networks.

- Provides an effective moisturizing effect
- Softens the skin, promotes its regeneration and slows down the aging process
- Restores the nail plate, helping to grow long and healthy nails
- The presence of 24 carat gold in the composition of the product stimulates the production of collagen and brightens the skin of the hands
- Deep penetration of the product into the structure of the skin and nail provides a cumulative care effect
- Heals, prevents the appearance of cracks and burrs
- The oil is quickly absorbed and does not leave a greasy layer

How to use?

As the final stage of the nail procedure.

Apply Brut Oil 24C JOIA vegan to the cuticle. Distribute the product with massaging movements.

Before covering.

Perform a hardware manicure. Spread Brut Oil 24C JOIA vegan over the surface of the cuticle and nail with rubbing movements. Polish the cuticle and side ridges with a corundum bit to smooth the skin and give it a radiant, hydrated look. In case of the next application of gel polish materials, be sure to wipe the nail plate with a degreasing liquid.

For pedicure.

Apply Brut Oil 24C JOIA vegan on the surface of the foot with massaging movements. Polish the skin with a milling cutter or pododisc.

Nail Therapy JOIA vegan, for strengthening brittle and splitting nails, 15 ml

Nail Therapy JOIA vegan is made from high-quality ingredients of exclusively vegan composition. It gives beauty and vitality to nails without harming nature and animals.

The innovative formula is enriched with a unique extract of Alpine rose leaves, which impresses with its concentrated power. The product takes excellent care of your nails, preventing their damage. Thanks to its active ingredients, it effectively slows down the process of keratin destruction, which is responsible for the strength of the nail plate.

- Helps to restore and strengthen nails
- Prevents brittleness
- Accelerates the rapid growth of healthy nails
- Improves the texture of nails, making them smooth and pleasant to the touch
- High quality formula developed using the best ingredients that are most beneficial for your health
- Easy application

How to use?

Apply as a base or as a standalone foundation. Repeat the application weekly for a month.

Vitamin complex Calcium Complex JOIA vegan, 15 ml

Calcium Complex JOIA vegan is an innovative product designed specifically for those with weak, thin and problematic nails. The powerful formula of the product contains a combination of vitamins and calcium, which help to strengthen the nail plate and improve the quality of its structure.

- Strengthens the nail plate, providing an optimal level of calcium in the keratin structure of the nail
- Stimulates the growth of healthy nails
- Improves the structure of the nail plate
- Prevents fragility and delamination
- Can be used both in the salon and at home

How to use? Apply as a base or as a standalone coating.

Quick-drying top for polish 30 Seconds Top JOIA vegan, 15 ml

30 Seconds Top JOIA vegan penetrates all layers of the polish, providing maximum adhesion and quick drying.

- The product provides instant drying of the polish
- Due to its unique composition, it strengthens the coating, protects against chips and rapid abrasion of the varnish
- Long-lasting shine
- Absolutely safe for use and does not contain any harmful substances
- Quick application. A convenient applicator allows you to distribute the product evenly and effortlessly
- Universal. Suitable for any type of polish and can be used at home or by professional manicurists.

How to use? Apply 1-2 coats to the polish. Wait until it is completely dry.

Base coats

- Perfect elasticity and plasticity of the material
- Extremely strong adhesion to the nail plate of any type and the next layer of gel polish coating
- Fast polymerization, do not hurt in a lamp
- Do not injure and strengthen the nail plate
- Do not spread
- Long wearing time without chipping, peeling or cracking

Magic Cat Base JOIA vegan

- Excellent elasticity and plasticity of the material;
- Medium consistency and self-leveling properties;
- High pigmentation;
- Saturated with a large number of silver metallic particles, which creates an overflow;
- Beautiful "cat's eye" effect replaces the full-fledged design;
- Strong adhesion: extra strong adhesion to the nail plate of any type and the next layer of gel polish coating;
- Fast polymerization, does not burn in the lamp;
- Does not injure the nail plate;
- Long wearing time without chips, peeling, and cracks with preservation of shine and color.

Apply UV/LED BB cream base JOIA vegan, polymerize for 60 seconds. Polymerization of each layer in a 48W LED lamp is mandatory.

Liquid gel for strengthening and modeling

PolyLiquid gel - 2 in 1 gel and base

- Safe 15 FREE formula
- Universal material that does not require the application of a base layer
- Maximum adhesion
- Extra durability of the coating due to Silicon in the composition
- Low-temperature material, no unpleasant sensations during polymerization
- Medium viscosity consistency
- Flawless self-alignment
- Great for techniques without filing
- Does not shrink
- Without a sharp smell
- The plasticity of the base and the strength of the gel in one bottle
- Suitable for thin and problematic nails
- Wide functionality (leveling of the surface, strengthening of nails, repair, building of corners, extension of a resistant square shape)
- Significantly reduces the time spent working on the coating!

Prepare the nail plate and apply auxiliary liquids: Nail Dryer JOIA vegan and Nail Primer JOIA vegan. Apply a very thin layer of UV/LED PolyLiquid Gel JOIA vegan. Polymerize in an LED lamp for 60 seconds.

Apply a layer of UV/LED PolyLiquid Gel JOIA vegan in the alignment technique, seal the free edge, dry 60-12 seconds in an LED lamp. If necessary, remove the dispersion layer and dust. Apply JOIA vegan gel polish / make a design / cover with JOIA vegan top.

Modeling gel

Polygum gel JOIA vegan

This product will be an excellent assistant to nail technicians in creating a strong bond between the nail plate and gel tips. The consistency of Polygum Gel JOIA vegan gum gel allows you to fix the top forms without any effort. The gel does not leak, when using it, you do not need to fix the upper form on the nail, it is enough to install it and immediately send it to the lamp for complete polymerization. Express nail extension becomes really fast with Polygum Gel JOIA vegan! Create volumetric designs in Korean and Japanese styles or add dry pigments, glitter, and dry decor to get creative designs.

- Does not require the use of degreasing liquids
- Thick and elastic consistency, does not flow
- After polymerization, it repeats the naturalness of the plates
- Suitable for express extensions, saves time
- Ideal for volumetric designs
- Helps to fix gel tips on the top molds
- Opens up unlimited space for creativity

Gel gum for modeling and volumetric designs Polygum Gel JOIA vegan, Flamingo in Love, 15 ml, 50 ml

How to use?

Prepare the nail plate and apply the auxiliary liquids: Nail Dryer JOIA vegan and Nail Primer JOIA vegan. Apply a thin layer of UV/LED Latex Base JOIA vegan. Polymerize for 60 seconds in an LED lamp. Put a small amount of UV/LED Polygum Gel JOIA vegan on the brush. Form a ball, put it on a modeling tip or on the upper molds. Spread the material over the mold with an orange stick or brush. Press the mold/tips to the surface of the natural nail, remove excess material outside the upper mold, and polymerize for 90 seconds in the LED lamp. Perform a file. Apply JOIA vegan gel polish / create a design. Cover with JOIA vegan top. Polymerize for 60 seconds in LED lamp.

Jelly Sculpt Gel JOIA vegan

A gel with a unique jelly consistency that does not flow, while being easy to level with a brush and allows you to create the perfect nail architecture with minimal filing. This special gel will cope with nail extension and correction, modeling for upper or lower shapes, restoring the architecture of the nail plates, and repairing the corners. An indispensable item for every nail technician! Thanks to the viscous and thick consistency of Jelly Sculpt Gel JOIA vegan, nail modeling will be easy and fast even for beginners. And the pigmented saturated colors of stylish shades will perfectly cover the natural nail plate, making it even easier to work with the gel.

- thick viscous consistency;
- dense pigmentation that covers the free edge;
- does not cause burning in the lamp;
- perfectly holds the arch and does not deform;
- versatile: suitable for extensions on the upper and lower forms, strengthening, modeling of complex shapes, and correction;
- becomes thicker in the cold, thinner in the heat;
- pigmented shades cover the natural nail plate well;
- minimal dusting;
- does not shrink.

Creamy Builder Gel Fuchsia Fusion
JOIA vegan, 15 ml

Creamy Builder Gel Velvet Nectarine
JOIA vegan, 15 ml

Creamy Builder Gel Ash Mistral JOIA vegan, 15 ml

How to use?

Prepare the nail plate and apply auxiliary liquids: Nail Dryer JOIA vegan and Nail Primer JOIA vegan. Apply a thin layer of UV/LED Latex Base JOIA vegan. Polymerize for 60 seconds in an LED lamp. Set the form (if necessary), apply UV/LED Creamy Builder Gel JOIA vegan, creating the desired shape and length. Polymerize for 60 seconds in an LED lamp. Apply a second layer of UV/LED Creamy Builder Gel JOIA vegan in the alignment technique, creating the necessary nail architecture. Polymerize for 60 seconds in an LED lamp. If necessary, file and remove dust with a degreaser. Apply JOIA vegan gel polish / create a design / cover with JOIA vegan top.

Polygel

PolyAcrylatix Gel JOIA vegan

This is a kind of symbiosis of gel and acrylic, which combines all the best qualities of modeling materials! This polygel is plastic and has a paste-like structure, which makes it extremely convenient and comfortable to work with. The material easily creates extra strong extensions of various lengths, and is also ideal as a construction material for the design of any nail shape. PolyAcrylatix Gel JOIA vegan is your favorite polygel for comfortable and effective modeling!

- Safe composition with no liquids or impurities that can cause allergies
- Extra strong adhesion
- Dense consistency, does not spread during application
- Fast modeling in one step
- Complete polymerization
- Perfectly models any length of nails
- Plastic material is suitable for arch filing
- Odorless
- Does not pull on the brush
- Soft and easy to file (file 180-150 grit)
- Polymerization only in a UV/LED lamp, unlike acrylic
- Minimal dispersion
- Perfectly holds the shape of a drop when applied to the surface with a brush dipped in Cleanser

PolyAcrylatix Gel JOIA vegan, Peach Nude, 15, 50 ml

PolyAcrylatix Gel JOIA vegan, Clear Charm, 15, 50 ml

Tops

Glossy top.

Aqua Gloss Top JOIA vegan, 8, 15, 50 ml

- Evenly and easily distributed over the nail plate, does not flow
- Comfortable consistency of medium viscosity
- Minimal consumption of material
- Elastic and wear-resistant
- Durable coating without cracks and chips
- Protects the coating from mechanical damage
- Maintains a bright and intense color for a long time
- Creates the effect of «wet gloss» and does not leave a stickiness

How to use?

Apply a thin layer of UV/LED Aqua Gloss Top JOIA vegan, polymerize in an LED lamp for 60 seconds.

Matte top.

Soft Touch Top JOIA vegan, 8, 15 ml

- After polymerization, it leaves a flawless velvety coating thanks to the fine particles of acrylic powder
- The strength of the manicure without cracks and chips
- The innovative formula of the top preserves the integrity of the coating for up to 3 weeks
- Extra elastic and resilient
- Pleasant to the touch, with a velor effect
- Protects the coating and color from mechanical damage, chipping and premature delamination
- Gives a basic shade of intensity that does not fade for a long time

How to use?

Apply a thin layer of UV/LED Soft Touch Top JOIA vegan. Polymerize the material for 120 seconds in a 48W LED lamp.

Top with holographic mica. Mica Gloss Top JOIA vegan, 8, 15 ml

- Medium degree of viscosity
- Elastic consistency
- The presence of a UV filter
- Speeds up the design creation process
- Small particles of holographic mica create a wow effect on the nails
- No sticky layer
- Protects the coating from chips and scratches
- Has a beautiful gloss
- Looks great on both light and dark shades

How to use?

Apply a thin layer of UV/LED Mica Gloss Top JOIA vegan on top of the polymerized gel polish / camouflage base/gel. Dry for 90 seconds in a 48W LED lamp or 3 minutes in a UV lamp.

Top with a UV filter UV Stop Top JOIA vegan, 8, 15 ml

- Protects light colors from yellowing
- Keeps neon shades saturated, prevents discoloration / fading
- An ideal choice for a French manicure
- Elastic material of medium viscosity
- Gives the coating additional stability
- Strengthens the surface, prevents the appearance of chips, cracks, scratches
- Flawlessly distributed over the nail plate
- Creates perfect highlights
- Saves time, as it does not have stickiness
- Does not flow to the side rollers
- Does not sag after polymerization

How to use?

Apply a thin layer of UV Stop Top JOIA vegan on the polymerized layer of gel polish / camouflage base / gel. Dry for 60 seconds in a 48W LED lamp or 2 minutes in a UV lamp.

Top with fine silver shimmer
My Crush Top JOIA vegan,
Let's Dance, 8 ml

Top with a scattering of multicolored hexagons
My Crush Top JOIA vegan,
Summer Hit, 8 ml

- Comfortable consistency of medium viscosity;
- Impresses with super gloss and stylish accent elements;
- The density of application of decorative particles is chosen by the master, adjusting the desired final result;
- Reliably protects against chips, cracks, scratches;
- Has a UV filter and protects the coating color from burnout;
- Does not have a dispersion layer, which saves the time of the master.

How to use?

Apply a thin layer of My Crush Top JOIA vegan over the polymerized gel polish / camouflage base / gel. Dry for 60 seconds in a 48W LED lamp or 2 minutes in a UV lamp.

Glossy top with hundreds of delicate holographic hexagons Party Mix Top JOIA vegan, 8 ml

- Comfortable consistency of medium viscosity
- Impresses with super gloss and stylish accent elements
- The density of the application of decorative particles is chosen by the nail master, independently adjusting the desired end result
- Reliably protects against chips, cracks, and scratches
- Protects the color of the coating from fading
- Has a neutral odor
- Does not burn during polymerization
- Maintains design stability for 3-4 weeks
- Does not spread
- Clear with holographic hexagons
- Looks spectacular on the nails
- Evens out the nail plate, makes it smooth
- Has no dispersion layer, which saves the nail master time

How to use?

Apply a thin layer of My Crush Top JOIA vegan on the polymerized layer of gel polish/camouflage base/gel. Dry for 60 seconds in a 48W LED lamp or 2 minutes in a UV lamp.

Camouflage tops

Camouflage Top JOIA vegan

This is a top and color coating in one bottle that has excellent protective properties, perfectly self-leveling, and has a "veil" effect on the nails, creating a unique tenderness. With this top, the manicure will remain strong and beautiful for a long time. The nail master can adjust the density of the top application, giving the nails a weightless or more intense "veil" effect. Camouflage Top JOIA vegan is also perfect for adding creative designs in various techniques, such as stamping.

- Has a medium viscosity consistency
- Excellent self-leveling properties
- 2 in 1 - top and color in one bottle
- Does not turn yellow after polymerization
- Gives the manicure extra durability
- Reliably protects against damage
- Creates a veil effect on a transparent coating
- Application density can be adjusted
- A great base for designs
- Saves time because it has no sticky layer

Camouflage Top JOIA vegan, Milk Dream, 8 ml

Camouflage Top JOIA vegan, Peach Mist, 8 ml

Camouflage Top JOIA vegan, Rose Petal, 8 ml

Camouflage Top JOIA vegan, Dusty Pink, 8 ml

How to use?

Remove the gloss from the entire surface of the nail with a 180 grit buffer or a 240 grit file, cover it with Nail Dryer JOIA vegan dehydrator and acid-free Nail Primer JOIA vegan. Apply and polymerize a thin layer of Latex Base JOIA vegan. Dry in a UV/LED lamp for 60 seconds. Apply JOIA vegan gel polish as desired and polymerize in a 48 W LED lamp for at least 60 seconds. Apply a thin layer of UV/LED Camouflage Top JOIA vegan on the polymerized layer of gel polish/camouflage base/gel. Dry for 90 seconds in a 48W LED lamp or 120 seconds in a UV lamp.

Easy Start Kit JOIA vegan

Easy Start Kit JOIA vegan is a set of materials for beginners to create a professional, high-quality and long-lasting coating. This kit will be a real magic wand, because creating the perfect coating has never been so easy!

The JOIA vegan Easy Start Kit contains everything you need to ensure professional results – from auxiliary liquids for nail preparation to a UV/LED mini lamp and remover. All the components of the kit are absolute favorites among beginners and professionals. And the gratitude and smile of your clients will be an indisputable proof of the quality and versatility of these products.

- UV/LED Minilamp JOIA vegan – portable mini lamp with a power of 6W and with a USB cable
- Nail Primer JOIA vegan – acid-free primer, 8 ml
- Nail Dryer JOIA vegan – dehydrator for nails, 8 ml
- UV/LED Latex Base JOIA vegan – clear base coating for gel polish, 8 ml
- UV/LED Gel Polish 005 JOIA vegan – pink-beige shade of gel polish, 6 ml
- UV/LED Aqua Gloss Top JOIA vegan – finish without sticky layer, 8 ml
- Bye-Bye Gel JOIA vegan – gel polish remover, 150 ml
- Brut Oil 24C JOIA vegan – dry vitamin oil for nail and cuticle care, infused with 24-karat gold, 8 ml

- Optimally formed set of materials
- Lightweight, portable mini lamp is convenient and compact to use
- Guarantee of long-term coverage, because there is no conflict of materials
- Saves time and money searching for the perfect products, because the most essential basic quality materials are already in one place

Choose the JOIA vegan Easy Start Kit and break into the world of flawless and comfortable coating without any extra effort!

PolyAcrylatix Gel Nail Kit JOIA vegan

The set for quick and easy extension of different lengths, modeling the perfect architecture of the nail plate, and for drawing any nail shape

- Contains high-quality vegan products with a safe composition that provide a long-lasting coating without chips and cracks
- Affordable and easy to use
- Helps to create a comfortable and fast extension for nails of different shapes and lengths
- Time saving: all the necessary materials are collected in one place
- A universal brush is suitable for various stages of work
- The stylish look of the set can serve as a great gift

The set includes:

Latex Base JOIA vegan, 8 ml, Aqua Gloss Top JOIA vegan, 8 ml, PolyAcrylatix Gel JOIA vegan 15 ml, Easy Slip Solution JOIA vegan, 30 ml, Double-sided brush for gel and design JOIA vegan, Reusable top molds for extensions JOIA vegan.

How to use?

Remove the gloss from the entire surface of the nail with a 180 grit buffer or a 240 grit file, cover it with Nail Dryer JOIA vegan dehydrator and acid-free Nail Primer JOIA vegan. Apply and polymerize a thin layer of Latex Base JOIA vegan. Dry in a UV/LED lamp for 60 seconds. Apply JOIA vegan gel polish as desired and polymerize in a 48 W LED lamp for at least 60 seconds. Apply a thin layer of UV/LED Camouflage Top JOIA vegan on the polymerized layer of gel polish/camouflage base/gel. Dry for 90 seconds in a 48W LED lamp or 120 seconds in a UV lamp.

JOIA vegan 2 in 1 Gel and Design Brush

The JOIA vegan double-sided gel and design brush is your stylish tool for realizing the most daring ideas! There is a thin liner on one side of the brush. It is suitable for creating trendy designs, as well as for additional leveling of liquid materials. On the other hand, there is a flat petal brush with a rounded oval end, which will perfectly cope with the layout of the material in the building technique.

Having such a versatile tool in your arsenal, you immediately save time twice, because you have two brushes in your hand at the same time. Convenient, fast, and high-quality!

- Synthetic, elastic pile
- Multifunctional purpose
- Stylish look
- A balanced combination of the necessary 2 brushes in one
- Made of high quality wood, which makes the brush comfortable to use: it provides a comfortable grip and allows the nail technician to easily control movements
- Does not slip in the hand even in the heat

It is used for:

- All types of extensions
- Leveling liquid consistencies
- Nail techniques, trendy designs, creating ultra-thin lines

Reusable top molds for extensions JOIA vegan, 100 pcs

Super thin, transparent, elastic upper forms that allow you to model the perfect nail shape. Provide a comfortable fit on the nail and optimal thickness of the extended free edge. The size of the upper form from 1 to 10 and clear markings make the modeling process quick and efficient. Such molds greatly simplify the work of the nail master, because in half an hour you can easily create the perfect express extension! One package is enough for up to 45 procedures.

- The package contains 100 pieces of top molds, 10 pieces of each size
- Easy to use and comfortable fit on the nail
- Provide an effective modeling process due to the size of the upper mold from 1 to 10 and clear markings
- Thin and elastic material
- Versatility: suitable for gel, acrylic, acrylic gel, and polygel extensions
- Saves time and money for the nail technician, because one package will last for a long time

Recommendations:

Keep out of the reach of children. Do not scratch.

How to use?

Perform standard nail preparation (degreasing, applying primer). Choose the appropriate size of the top mold. Using a spatula brush, apply the required amount of material to the upper mold, spread it evenly. Place the upper mold with the material on the nail plate and press it down. Dry in a UV/LED lamp. The polymerization time in a UV/LED lamp is 60 seconds, in LED lamp - 90 seconds. When working with acrylic systems, the material dries in the air. Remove the top mold in a convenient way. File the free edge of the nail to give the desired shape.

Reusable Upper Nail Forms JOIA vegan

Super-thin and elastic upper arch shapes allow you to model nails of different lengths, creating perfect shapes: ballerina, arched almond, oval, and square. The shapes provide a comfortable fit to the nail and an optimal thickness of the extended free edge. The shapes are available in 12 sizes, from 0 to 11, and clear markings allow for quick and efficient modeling. Additionally, there is a marking for installing molds, which speeds up the process of creating a statement jacket. Each upper mold is designed for a large number of procedures.

- Ultra-thin;
- Perfect arched and longitudinal arches;
- Updated modern markings that allow you to meet more needs in the method of arch modeling;
- Minimal cutting;
- Ease of use;
- Ideal for working with gel, acrylic, acrylic gel and other hard materials.

Reusable top molds for extension JOIA vegan, Architectural Ballerina

Reusable top molds for nail extension JOIA vegan, Square

Reusable top molds for extensions JOIA vegan, Almond

How to use?

Perform standard nail preparation (degreasing, applying primer). Choose the appropriate size of the top mold. Using a spatula brush, apply the required amount of material to the top mold, spread it evenly. Place the upper mold with the material on the nail plate and press it down. Perform intermediate drying for adhesion of the material using the JOIA vegan LED lamp. Dry the material completely in a UV/LED lamp. The polymerization time in UV/LED lamp is 60 seconds, in LED - 90 seconds. When working with acrylic systems, the material dries in the air. Remove the top mold in a convenient way. File the free edge of the nail to give the desired shape.

French Silicone Molds JOIA vegan, 12 pcs.

A handy innovative tool designed to create the perfect French manicure!

Molds are stencils developed using advanced technologies. These are the best assistants for the nail technician to help apply a neat white stripe to the tips of the nails, creating a classic elegant look of a French manicure. They create a clear contour for applying gel polish or acrylic material. Due to their flexible structure, the molded stencils ensure precise and even application of the white stripe on each nail.

- Flexible, made of high quality material
- Ensure reliability and durability
- Easy to use

- Speeds up the process of creating a French manicure
- Easy to attach to the nail shape

How to use?

Choose a mold and top mold of the desired size. Take a little JOIA vegan base and apply it to the place where the mold is placed. Press the mold several times with the brush handle against the mold, thus removing the air between them. Coat the joint between the mold and the mold with a thin layer of JOIA vegan base. Polymerize for 20 seconds. Use a thin brush to draw a smile line and create a Frenchie on the free edge of the nail or do it with a gel. Polymerize in the LED lamp for 60 seconds. Remove the mold, then fill the area of the nail bed with camouflage gel. Place the mold on the client's previously prepared nails. Polymerize for 60-120 seconds in the LED lamp. After use, remove the mold from the remaining material with tape.

Marketing support

Massage Candle Strawberry Marshmallow JOIA vegan

A paraffin massage candle for the final stage of manicure with the aroma of delicate strawberry marshmallow. This essential SPA attribute will help you feel special, relax and enjoy the procedure to the fullest. In addition to the relaxation effect, the candle gives the skin of the hands delicate moisturizing, prevents dehydration and stops the aging process. The candle can be used after manicure and pedicure procedures, scrubbing, as well as for body massage.

- It is a great addition to the manicure and pedicure process
- The complex of care oils in combination with wax vitamins provides the skin with intensive moisturizing and softening, makes it silky
- Prevents skin dehydration
- Slows down the aging process and improves elasticity
- Stunning aroma, in which the notes of strawberry marshmallow are amazingly revealed
- Can be used at home after scrubbing to restore hands and body
- Restores natural radiance to the skin of the hands

How to use?

Perform a complete manicure or pedicure procedure. Open the candle lid, straighten the wick, and light it. Wait for 2-3 minutes. As soon as the oil mixture is sufficient for massage, extinguish the candle. The optimal amount for one person, with the calculation, for example, to massage one area, is a tablespoon. Let the candle cool down a bit and stand for a while. You can touch the oil with your fingers, observe the reaction of the skin to its temperature. Pour some of the liquid oil mixture into the palms of your hands. Rub into the skin of hands/feet, cuticles and nails with massage movements, remove the excess with a paper napkin. It can also be used for body massage. Remove excess with a paper napkin.

Notebook

Your favorite spring-loaded notebook with 50 sheets, lined, size 100x150 mm. Complemented by branded contact pages and 3 color tabs with mission, brand values and product application rules.

Branded pen

White JOIA vegan pen made from designer recycled cardboard for registration of your best clients.

A palette of gel polishes on tips from 1 to 130
